

CONSUMER GUIDE TO FULLY DIGITAL HEARING INSTRUMENTS

100% Digital Hearing Aid Styles

Widex Fully Digital Hearing Aid Technology

Premier ISP Digital

Widex offers a complete selection of 100% digital hearing instruments for all types of hearing losses.

Ultimate Performance in Noise

Use of State-Of-The-Art Integrated Signal Processing (ISP)
High Definition Locator Microphone*
Speech Enhancer

Ultimate Listening Comfort in Noise

Noise Reduction System
Wind Noise Reduction
Up to 5 Customized Listening Programs

Ultimate Sound Quality

107 dB Extended Input Dynamic Range
15 Channel Processing
Soft Sounds Are Audible. Loud Sounds Are Not Uncomfortable.

Audibility Extender

The unique Audibility Extender moves higher-pitched sounds that cannot be heard into lower-pitched regions of usable hearing. For example, sounds such as "s" or "sh" that you have not heard in years may be heard again. The Audibility Extender will allow you to hear the precise details of music. At home, the Audibility Extender will help you hear sounds such as the doorbell, the phone ringing, and high-pitched beeps from the microwave and other timers.

Sound Diary

Improves Fitting and Use Of Hearing Aids

Ultimate in Stopping Hearing Aid Whistling ... Almost Everywhere
